

Key to your quick reference on the top right corner of each lesson:

Icon	Meaning
	Celebrate! The student completed a concept. Click on the demo lesson and have that student show you how they did it.
	Lesson completed successfully
	Lesson completed unsuccessfully. If you see these now and then, it should not be a concern. DreamBox will adapt. If you were alerted from the Navigation pane that the student has failed 3 out of the last 5 lessons, you want to check in with the student.
	The student opened the lesson but did not complete. Possible reasons <ul style="list-style-type: none"> <li>• Student started the lesson and it was time to transition</li> <li>• Student does not know that they need to finish a lesson before moving to another one</li> <li>• Student may be afraid of putting in a wrong answer. If they open the same lesson again and again, this might be a clue.</li> <li>• Student may be frustrated</li> <li>• Student may be distracted (squirrel!)</li> </ul>
